Columbus Milliner Appeals Decisions by Ohio Courts Upholding Act.

LABOR UNIONS ASSAILED

Said to Be Behind Bills-Result Will Have Effect in Many

States.

WASHINGTON, Nov. 28 .- Anna Hawley a milliner in Columbus. Ohio, filed a brief in the Supreme Court to-day, through her attorneys, in a case brought to test the constitutionality of an Ohio statute limiting the hours of service of women in certain occupations.

The Ohio statute limits the hours a woman may be employed in any factory, workshop, telephone or telegraph office, millinery shop, dressmaking establish-ment or restaurant, or in the distribution or transmission of messages, to ten hour: for one day and to fifty-four hours a week.

Anna Hawley was arrested by a constable on a warrant charging that she worked Estelle Beaver in her millinery to be exact, fifty-five hours. The defendant sought a writ of habeas corpus from the Court of Common Pleas, but the court up a hearing remanded her to custody and she carried the care of the court of the care of the ca and she carried the case on an appeal to the Supreme Court of Onlo, which affirmed the judgment of the lower court by a divided bench, three affirmative, two dis-

senting and one absent.

The decision of the court in this case will undoubtedly be a precedent, as many of the States are passing such legislation, and Congress at the last session passed the La Follette bill along the same lines. Attorneys for Anna Hawley declare that the Ohio law is "an arbitrary, un-

reasonable and capricious limitation right of private contract."

"That the great interest manifested by certain classes of labor leaders for the welfare of women has a large element of selfshness in it appears from a pamphlet centitled "Women in the Industrial Field," issued by James Wood, one of the leaders of the American Federation of Labor." CALL PHONE TOLLS HEAVY.

The Postal Telegraph Cable Compar and many apartment house owners at agents were complainants yesterday b fore the up-State Public Service Commi sion against charges of the New Telephone Company for switchboard tele-phone extensions. The parties to the complaint against rates and service for apartment houses were the Douglas Rob inson, Charles S. Brown Company, Harrison B. Weil, a lawyer, and the Globe Realty Company.

Really Company.

It was developed that the business of the New York Telephone Company has doubled in six years and that there are twice as many telephones in use here

year. The lawyers for the complainants said also that whenever rates have been reduced the business of the company has increased to such an extent that the profits have gone up despite increased out-

behalf of the Browns. Supreme Court Justice Blanchard granted an attachment for \$107,000.

A previous attachment for \$137,000 had corridors of the Hall of Records from 10 o'clock yesterday morning until 2 in the afternoon, and all were taken care of by the Commissioners.

The rate on personal assessments is about \$18 a thousand, and you will have to pay the charge no matter what your real condition is unless you see about \$1 to-day.

A previous attachment for \$127,000 had been granted to the Corn Exchange Nation Bank of Philadelphia and on this attachment all Foye's property that could be found in this city was tied up, the total aggregating \$142,325. The total amount which it is alleged Foye obtained from the banks and from Charles T. Brown & Co. is \$244,000.

That it is an attempt at "an arbitrary, capricious and artificial classification by which it seeks to bring persons engaged in certain incesses to bring persons engaged in certain incesses of layer and the provisions while it beaves large numbers of others charged in similar occupations free from the operation of the act."

"We could exhibit much more patience with this class of legislation if those larged prepossible for its enactment were actuated by unselfish motives." says the brief filled for Arna Hawley.

"We are fully aware that there are many who regard themselves as social reformers that are actuated by pure motives in seking to ameliorate what they believe to be the hard conditions of labor, and especially that of women employees, but those most responsible for this class of legislation are the agitators who resent the widening sphere of women in useful employment.

"They would if they could encompass her sphere to narrow limits, and the class of legislation mow under review tends strictly to that end. Such legislation will apply the party of New York State association, also started, but will spend to-day with the class of legislation mow under review tends strictly to that end. Such legislation is not a protection to womanish, but it is a discrimination against her.

"She should receive opportunity to earn her own living and even more in any useful employment and not be compelled to starte or resort to the wages of sin.
